GUIDELINES FOR USING THE PRAYERS OF RENUNCIATION

The renunciation of occultic involvement is two-legged:

1. CONFESSION OF INVOLVEMENT.

When **confessing** involvement, the prayer is read out loud, preferably with one or more witness/es *present*, as well as the counsellor. The reason for reading the prayer out loud, is that the individual will have no doubt to the renunciation of the prayer. This is also why we recommend that one or more witness/es be present.

James 5:16 *Confess to **one another** therefore your faults and pray for one another...*

After this part has been done, only half of the renunciation has been completed, The next part is very important. This is where the counsellor is essential.

2. WARFARE

The prayer has to be warred through now. All words and phrases typed in bold or that have been underlined, as well as the powers of darkness involved and the effects of involvement, i.e. sickness, poverty, quarrelling, etc. need to be addressed. The powers are **rebuked, bound, uprooted from the bloodline and commanded to become a footstool for Jesus.**

Ps 110:1 *Sit at My right hand, until I make Your adversaries Your footstool*

Heb 1: 13; 10: 13 *“Besides, to which of the angels has He ever said, Sit at My right hand [associated with Me in My royal dignity] till I make your enemies a stool for your feet? 13Then to wait until His enemies should be made a stool beneath His feet.”*

The individual must also be cut loose from the human laws and institutions of the organization/s involved and submit under the Law of Christ. (**Gal. 3:10**)

1. FINDING FREEDOM FROM MARTIAL ARTS AND YOGA

Matt. 16:18, 19 *“18 And I tell you, you are Peter [Greek, Petros—a large piece of rock], and on this rock [Greek, petra—a huge rock like Gibraltar] I will build My church, and the gates of Hades (the powers of the infernal region) shall not overpower it [or be strong to its detriment or hold out against it]. 19 I will give you the keys of the kingdom of heaven; and whatever you bind (declare to be improper and unlawful) on earth must be what is already bound in heaven; and whatever you loose (declare lawful) on earth must be what is already loosed in heaven.”*

Rev. 1:18 *“18 And the Ever-living One [I am living in the eternity of the eternities]. I died, but see, I am alive forevermore; and I possess the keys of death and Hades (the realm of the dead).*

When a person asks for deliverance from the demonic hold of **Yoga and the Martial Arts**, there are certain directives to take into account. This is no light matter and the counsellors need to be **experienced and well prepared** for this task.

The first guide-line is to not counsel such a person on your own, but always with a co-counsellor and if possible, someone of the same sex.

Secondly, if you could “tidy up” all the lesser points for release first, it could lessen the manifestation from the counsellee and create a smoother release.

Thirdly, remember that the mind of the counsellee is ‘programmed’ by the particular medium he has pursued and that he will need deliverance from all that has entered from the basic source of belief and acceptance of anything concerning that belief.

A next step would be to counsel the person on his past and to deal with all sin in his life, while encouraging him and assure him of God’s grace and forgiveness after confession of the sin.

Another necessity is to make sure that the counsellee understands how to maintain the armor of God as it is written in.

Ephesians 6: 10-18 *“10 In conclusion, be strong in the Lord [be empowered through your union with Him]; draw your strength from Him [that strength which His boundless might provides].*

11 Put on God’s whole armor [the armor of a heavy-armed soldier which God supplies], that you may be able successfully to stand up against [all] the strategies and the deceits of the devil.

12 For we are not wrestling with flesh and blood [contending only with physical opponents], but against the despotisms, against the powers, against [the master spirits who are] the world rulers of this present darkness, against the spirit forces of wickedness in the heavenly (supernatural) sphere.

13 Therefore put on God's complete armor, that you may be able to resist and stand your ground on the evil day [of danger], and, having done all [the crisis demands], to stand [firmly in your place].

14 Stand therefore [hold your ground], having tightened the belt of truth around your loins and having put on the breastplate of integrity and of moral rectitude and right standing with God,

15 And having shod your feet in preparation [to face the enemy with the firm-footed stability, the promptness, and the readiness produced by the good news] of the Gospel of peace.

16 Lift up over all the [covering] shield of saving faith, upon which you can quench all the flaming missiles of the wicked [one].

17 And take the helmet of salvation and the sword that the Spirit wields, which is the Word of God.

18 **Pray at all times (on every occasion, in every season) in the Spirit, with all [manner of] prayer and entreaty. To that end keep alert and watch with strong purpose and perseverance, interceding in behalf of all the saints (God's consecrated people).**

Each counselling session should start with a confession of faith in God Almighty and His Son Jesus Christ. This is a declaration to the spirit world.

The following are a list of suggestions of the particular areas which need to be addressed in counselling someone who has been involved in the Martial Arts and Yoga.

The level of training in these Arts which the counselee underwent, will determine the depth of the ministry applied:

1. The counselee needs to have a genuine desire to be delivered.
2. All sin must be confessed.
3. Any person who needs to be forgiven?
4. Counselee must have a genuine statement and declaration of his faith in Jesus Christ of Nazareth.
5. Invite the Holy Spirit to come.
6. Cut loose from **Mars**, the **Roman god of war**, the **Principality** over all the **Martial Arts**.
7. Counselee must renounce the **particular name** of the **Martial Art** and the **type of Yoga** practiced and then be released from it.
8. Release from **every move** and **every position** practiced in either the Martial Arts or Yoga and it needs to be cut off.
9. A cutting off and releasing from any **mantra** or **object** used to **aid meditation**.
10. Cutting off from all **instructors** by name.
11. Cutting off from the **name** of the **practice hall**.
12. Release and cut off from **all signs of respect** by **bowing** prior to a Martial Art bout or following a bout.
13. Cutting off and freeing from **any symbol** seen or unseen in the meeting hall; i.e. a flag, scroll, picture, etc.
14. Confess of being a part of a practice of a **physical nature** emanating from an Eastern religion, and release him from it.
15. A release from the **Yin and Yang symbols** and all they represent.

16. Confess any **injuries caused to others** during any practice of any Martial Art, and a prayer for **healing for the injured party**.
17. Confess and cut off any **commitments** made **verbally** or **in writing** concerning the Martial Arts or Yoga.
18. Cut free from all **breathing exercises** and any subsequent ill-effect on the lungs, etc.
19. Cut free from all **ki or chi power**.
20. Cut free from names and **attributes** of all **animals** represented in either the Martial Arts or Yoga.
21. Break the power of **every belt award**, and speak God's release to the participant and declare freedom from **slavery** from any aspect of the Martial Arts.
22. Ask for God's **healing** and **release to the mind and spirit** of the counsellee and pray for a conversion of the mind and spirit to the Mind of Christ.
23. **Ju-jitsu**: Cut free from the **spirit of throttling**.
24. Pray for **healing from any injuries** that the counsellee might have problems with.

Extra to the list for deliverance are one or two other areas to address, but as these affect demonic entry of other types of involvement, I am listing them separately. With any acknowledgement of other faith systems and practice of meditation, prayers and other actions particular to that medium or faith, there will be a **physical control** needing release – the **automatic nervous system**; the **central nervous system**; the **glands**, especially the **adrenal**; **every muscle**; the **conscious, semi-conscious** and **unconscious mind**; the **will** and that part of the mind particularly that makes **decisions**.

It is helpful to invite the counsellee to breathe in the Breath of God deep into their lungs and then command any unclean thing to come out with their breath.

Ezekiel 37:5 *"5 Thus says the Lord God to these bones: Behold, I will cause breath and spirit to enter you, and you shall live;"*

1 John 4:4 *"4 Little children, you are of God [you belong to Him] and have [already] defeated and overcome them [the agents of the antichrist], because He Who lives in you is greater (mightier) than he who is in the world."*

2. PRAYER FOR DELIVERANCE FROM YOGA, REINCARNATION, MEDITATION TECHNIQUES AND BREATHING TECHNIQUES.

Father, I come to You in the Name of Jesus of Nazareth and I confess Jesus Christ as my Lord and Master. His Blood sets me free. His Life is within me and I am a child of God.

I renounce the **yoke** (Yoga – Sanskrit ‘*yuga*’ – ‘yoke’) **of slavery** I received through the practice of **yoga** and I sever myself from the universal spirit **Brahman**, who is the object of knowledge. I also renounce the seeking of **perfect self-knowledge**.

I repent of climbing any/all of the **eight stages** of the ladder leading to so called ‘perfect knowledge’ and renounce the following:

1. **Self control** (*yama*), which involves truthfulness, abstinence, avoidance of theft, refusal of gifts and not doing injury to living things.
2. **Religious observance** (*niyama*) which embraces austerity, poverty, contentment, purification rites, recital of Vedic hymns, and devoted reliance of the Supreme Being.
3. **Postures** (*asana*), which are regarded as basic to all the stages that follow. I command every demon, which entered me to leave me now, in the Name of Jesus! (Be specific and **name position** – usually cobra, lotus, peacock stand etc. **Twelve basic asanas** are recommended for Western Yogis). I break the link between every **Yoga position**, my **nervous system** and **my mind**, in the Name of Jesus. I also renounce the use of any **object** (candle etc.) for concentration.

4. **Regulation of the breath** (*pranayama*) which believes in the breathing in of positive air and the exhaling of negative air, and that this revitalizes my body with energy (vital energy – Prana). I also renounce the two roots of Hatha Yoga, (Ha – sun / Tha – moon) and the flow of breath through the right nostril (sun breath) and the left nostril (moon breath), in the Name of Jesus. I renounce any control over my breathing. I cancel every specific **breathing technique** I employed. (Name it). I break the HYPNOTIC POWER and trance inducing effect of the breathing techniques in the Name of Jesus!
5. **Restraint of the senses** (*pratyahara*) which means their withdrawal from external objects and the consequent turning of the mind upon itself, in an attempt to climb to God and become as God. I renounce all control my soul (mind) obtained over my spirit. (State of God-consciousness). I confess that I allowed my mind to become passive and ask forgiveness for it. I submit my mind totally and only to the authority of Jesus Christ.
6. **Steadying of the mind** (*dharana*) that narrows attention to one part of the body, such as the navel, tip of the nose, or middle of the brow, in a way which renders the practitioner insensitive to outside disturbance.
7. **Meditation** (*dhyana*), which fixes the mind on the object of knowledge, especially Brahman, to the exclusion of all other thoughts.
8. **Profound contemplation** (*samadhi*) that is the perfect absorption of thought in the **object of knowledge**, its union and identification with that object. The achievement of samadhi supposedly liberates the self from the illusions of sense and the contradictions of reason. It is supposedly, thought that has gone beyond thought, reaching its goal by its own negation, which leads to an inner illumination, the ecstasy of the true knowledge of reality. I also renounce **every yoke position** that I carried to achieve samadhi and renounce every **trance state** in which I was totally unconscious.

I repent and renounce the belief in and attainment of *kaivalya*, which is **liberation**, first from the world of phenomena, then from thoughts of self and finally from the spirit's entanglement with matter. I renounce the performance of **mental and physical feats** and even changing the course of nature.

- I renounce my belief in the '**Wheel of life**' and I sever myself from it in the Name of Jesus.
- I renounce my faith in **reincarnation** and I sever myself from all previous lives, which I now admit, are specific demons carrying supernatural knowledge. I renounce the **personality** that I believed I was. (Name it).

- I renounce every god over each **specific level**, before which I bowed (e.g.: goddess of Death, Power and Sickness – **Kali**). I renounce **Shiva** – god of destruction also known as the god of light (Light of Shiva).
- I renounce the **Principality** over all Eastern religion, namely **Buddha**, I sever myself from him in the Name of Jesus.
- I renounce all **books / literature / video material** which I studied to obtain more knowledge and wisdom concerning Yoga, meditation etc. (The Prophet, etc.)
- I renounce my faith in **FATE / PREDESTINATION / ACT OF PROVIDENCE**. I accept full responsibility for my sin and acknowledge Satan as a murderer, thief and destroyer (**John 10:10**)
- I confess my full dependence on Jesus Christ and confess that He is the only **WAY**, the **TRUTH** and the **LIFE** (**John 14:6**).
- I ask forgiveness for the denial of the **Blood of Jesus**, which is the **ONLY** redemption from sin.
- I renounce my belief in **Pantheism** (Creation as God) and man's so-called becoming one with him / this life force.

- I renounce the belief in **'self'**, **discipleship** of 'self' and that 'self' can become God (ultra self / real self).
- I renounce every **manifestation** or **position** taken up to awaken the KUNDALINI force, every act of worship to the **fire, sun, moon** and especially to the **'slumbering / latent divinity'**, the drinking of any **sacred water**, any **mantra** to praise and honor Kundalini (eg: sacred mantra, the word of glory, Om). I renounce the **Kundalini power** and command it to leave me now in the Name of Jesus! Lord I ask that You will cleanse me and close all channels opened through **chakras** (the 7 levels through which these Kundalini powers have moved).
- I renounce every **'tattvic' light** as well as the **bright Kundalini light** I experienced during the awakening of the Kundalini through the several chakras.
- I renounce my faith in the LAW OF KARMA (cause and effect).
- I renounce every **purifying exercise** (Nadis) of my nervous system and mind, which I took part in.
- **I break the link between the**
 - demon of meditation
 - familiar object used (can be lotus position)
 - demon of fantasy and the
 - conscious mind as well as the
 - unconscious, semi-conscious and subconscious mind in the Name of Jesus.
- I break all the ENSLAVEMENT to the **spirit of meditation** in the Name of Jesus.
- I break any connections with the **cosmic vibrations** that **scattered my soul** and I command my soul to be restored from the seven cosmic levels, in Jesus Name.
- I break the flow of power and the **false unity** (Yin and Yang) that flowed through my **fingers**. **I separate the false unity** and isolate the demonic powers from each other.

- **I break the link** with all cosmic powers in the Name of Jesus!
- I destroy the **energy levels** as well as any **false auras** in the Name of Jesus.

BREATHING EXERCISES:

- I renounce the two roots of **Hatha Yoga**, i.e.

Ha – sun

Tha – moon

and the flow of breath through the right nostril (sun breath) and the left nostril (moon breath), in the Name of Jesus Christ.

I renounce any control over my breathing. I cancel every specific **breathing technique** I employed. (Name it).

I break the HYPNOTIC POWER of the breathing techniques in the Name of Jesus!

I renounce my belief in prana yama (breathing in of positive air and breathing out of negative air) and that this prana yama had built up my body with vital energy – prana.

- I renounce every cleansing exercise of my nervous system (nadis) and my mind in which I had participated.
- I renounce every yoga position (asana) where demons had entered me and I command every demon to leave me now in Jesus Name! (Be specific and name positions – usually Cobra, Lotus, Peacock stand, etc., twelve basic asana are recommended for Western Yogi).
- I sever the link between every yoga position, my nervous system and my mind in Jesus Name.

I confess that Christ has set me free from the Law of sin and death and that I am now living in Christ, by the Law of the Spirit (**Rom 8:2**). I break the **curse of death over me** in the Name of Jesus and cancel the **fear of punishment / torment** in my life.

Thank You Jesus!

AMEN!

Different types of Yoga:

- Bhakti Yoga - self control and religious observance
- Mantra Yoga - devoted to uttering the name of Krishna and other incantations
- Karma Yoga - the path of work and service
- Jnana Yoga - the way of intellect
- Raya (royal) Yoga - the synthesis of Bhakti, Karma and Jnana Yoga.

3. PRAYER FOR DELIVERANCE FROM ACUPUNCTURE

In the Name of Jesus Christ I also renounce all of the following practices and declare them to be a deception and a lie.

1. Any form of **ACUPUNCTURE** - insertion of needles at certain nerve-ends.
(**Counsellor:** Pull out any needles in the spirit world, anoint and ask for any toxic substances to be disintegrated, as well as for the removal and healing of any scars or wounds.)

In the Name of Jesus I renounce **TAOISM** and **PANTHEISM**, being the original source of acupuncture. I cut myself loose from any such roots and ask You to let them shrivel up and burn them in your consuming fire. I renounce any such roots of TAOISM and declare:

That there is a personal God (**Gen 14:19**) and that God the Father and Jesus Christ has their home in Heaven (**Ps 20:6**).

That all men lack the glory of God. That all men are received in sin and are in need of a Saviour. That we have a Saviour in Jesus Christ of Nazareth who liberated us from the curse of the law, His Blood having cleansed us of all iniquity. (**1 John 5:11,1; 1 John 3:8**).

2. I renounce CHI the COSMIC SPIRIT and declare any doctrine teaching it to be the sustainer of everything in the universe, to be a deception from the pit of hell.
I declare that God, JAHWEH, is the one who created and sustains the whole earth.

I renounce the **CHI energy** in the body, along with the two systems, i.e. the **YIN and the YANG**, the 12 **MERIDIANS** flowing through the body, as well as the connection between the 12 **MERIDIANS** and the 12 **SIGNS OF THE ZODIAC**.

4. REFLEXOLOGY & AROMATHERAPY

Heavenly Father, I ask You to forgive me and my family for having practiced **REFLEXOLOGY, AROMATHERAPY** and **ACUPUNCTURE**. I reject being able to cure myself by means of these things, God thus being obsolete. I confess that Jesus took my grieves and sorrows upon Him on the cross of Golgotha so that I could be healed (**Is 53:4**).

In the Name of Jesus I also renounce the following TAOIST DOCTRINES forming the basis of Hinduism:

1. That all sickness originates from an **imbalance** between the Yin and the Yang.
2. The **Yin and Yang** being **symbols** of **Karate**, as well as the roots of Karate, i e Buddhism and Taoism, being the basis of Hinduism and acupuncture.
3. I renounce I CHING, the **Taoist Bible**, as well as any other scriptures of divination, sorcery and magic determining the uniform school of thought as found in **Hinduism, Buddhism** and **Taoism**.

Heavenly Father, I ask You to forgive me as well as my family for any involvement in these schools of thought. I now turn my back on and walk away from each and every one them.

I renounce and resist any Eastern spirits, evil forces and demons related to the above. I bind, rebuke and resist every evil force and command them to leave me right now, in the Name of Jesus.

I renounce any form of Taoism and acupuncture rooted in ASTROLOGY and the theories regarding the MICRO and MACROCOSM. In the Name of Jesus I sever my family and myself from any **divining spirits** as well as from astrology.

4. I renounce any teaching of man's not being made in the image of God, but being a mere projection of creation. I hereby confess that I have indeed been created in the Image of God according to **Genesis 1:26**.
5. I declare the teaching of man's destiny being determined by the position of the **planets, sun, moon and stars**, to be a lie from the very pit of hell.

6. I renounce the following anatomical parts' being used as open doors for the Evil One:
- a. the auricle.
 - b. heartbeat.
 - c. palm of the hand.
 - d. soles of the feet.
 - e. nails.
 - f. iris of the eye.

I now turn my back on acupuncture and walk away from any ungodly altars and idols. I ask You, Father, to forgive my family and me for having used any of the following instruments related to acupuncture, i e **Radiotronics, Black Box, De La War Machine** and **Kirlan Photography**. I also renounce the use of **AURAS** in the teachings of Buddhism, Hinduism and the New Age.

I declare the following teachings to be unbiblical, untrue and a deception:

1. That all men are frozen energy.
2. Having one's aura tested by means of the Oscilloscope.
3. The CHAKRA WHEEL of colour and light determining one's aura.

I renounce the **colours** of the **Chakra Wheel** and now sever my family and myself from every colour of this wheel, i.e.:

- a. **Red** -earth chakra .-genetic coding, instincts.
- b. **Orange** -moon chakra -sex drive, fertility.
- c. **Yellow** -sun chakra -personal power.
- d. **Green** -heart center of astral light.
- e. **Blue** -controlling time.
- f. **Violet** -the arts, music, poetry, dance, drama, literature and sciences.
- g. **White** -center through which the soul leaves the body in astral projection.

4. Any cure by means of **Auras**, the **pendulum**, **bells** or the so-called "ghong".

Father, in the Name of Jesus I now also renounce the **KUNDALINI SERPENT** (Hindu snake-god) **lying curled up with its tail in its mouth**, its 3,5 coils being connected to the human spine. I ask forgiveness for having believed in this kundalini force and ask You to sever me from this force.

I also ask Your forgiveness for having given this kundalini force control over my body by practicing the various **Yoga positions**. In the Name of Jesus Christ of Nazareth I now take up the Sword of the Holy Spirit and sever my family and myself from this kundalini force. I also renounce **SHAKTI** and **SHIVA** whose union awakens the kundalini force. In the Name of Jesus, I now **separate and isolate Shakti, Shiva** and the **kundalini** serpent and command them to leave me right now. I also chase away their **gatekeepers**, tear up all their **commission papers** and cancel all their instructions. Father, would You now please close these doors and seal them with the Blood of Jesus. In the Name of Jesus I now sever any **soul tie** with these three evil forces.

I also renounce all the following **Hindu ideologies** and **doctrines** and ask You to forgive me and my family for having believed in them:

1. That salvation is possible only when a person, being aided by a Guru, comes to the realization that he is God within himself.
2. That reincarnation is a way of becoming one with the universe. This being possible only when the **ATMAN** (spark) within oneself unites with **BRAHMAN** (fire).
3. Punctual performance of **SURYA NAMASKAR** exercises (sun-worship) at **fixed times** in order to pacify the sun-god. I ask forgiveness for having performed any of these series of exercises or bodily positions at **sunrise**.
4. I renounce any form of Yoga in order to reach unification with the Hindu gods - salvation being impossible without this unification.

I profess that salvation can only be obtained by accepting Your Son, Jesus Christ, as my Lord and Savior (**Acts 4:10-12**).

5. I renounce man's inability to escape the **MOKSA/KARMA** wheel of reincarnation. I admit that there can be no forgiveness in Karma, since we can only obtain forgiveness in Jesus Christ. The **state of Nirvana** can never set man free from this evil cycle; only the Power of Jesus' Victory on the cross can do this.
6. I renounce that Yoga is the only way to one's own salvation. I profess Jesus Christ of Nazareth to be my only Saviour (**Eph. 1:7**).
7. I renounce Yoga being a **mere health cure**. I admit that this is a lie, since Yoga actually provides the basis for achieving salvation in Hinduism. In the Name of Jesus I now renounce any **lying and deceiving spirit** and command them to leave me right now.
8. I renounce Yoga being the only road to perfect peace. I profess that we can only have True Peace in Jesus Christ (**Rom 5:1**).
9. I renounce Yoga not being a religion. I admit that it is indeed a religious system, the basis of Hinduism.

I admit that Yoga actually has the following objectives - thus being an abomination in the Eyes of God:

- a. Creating an open door for satanic influence, eg the teaching that there is neither heaven nor hell - these being mere products of the mind/emotions.
- b. Establishing contact with the Hindu god **Brahman**.
- c. Achieving union with Brahman through the repetition of prescribed **mantras** (prayers).
- d. Giving worship and glory to the Hindu gods by means of various positions of the body, e g the lotus, cat, cobra, peacock, cow, plow, fish and camel rider, all of these directed at union with the kundalini serpent.

I repent of all **bodily positions** by which I have given honour and worship to the Hindu gods. Would you now please delete any such worship in the spirit world so that it can no longer bear witness against me.

- e. Establishing contact with all Hindu spirits by means of Yoga.
- f. Liberating the spirit body from the restrictions of the physical body.

- g. Opening up the human spirit for the cosmic spirit KI/CHI by means of Yoga breathing techniques.
- h. Using any of the following for the awakening of the Hindu spirits, ie Yoga, biorhythm, alpha and beta brain waves, homeopathy, acupuncture, holism, reflexology and aromatherapy.

I renounce all of the above objectives and turn my back on them. In the spirit I now walk away from Hinduism, its gods and its idols and ask that You for once and for all burn the bridge of Hinduism behind me in the Name of Jesus.

I renounce all the following forms of Yoga, i e:

1. HATHA YOGA - bodily positions and breathing techniques.
2. KUNDALINI YOGA awakening the kundalini force and false healings.
3. TANTRA - perversion in the sexual area.
4. KARMA YOGA - correct actions, denial of self.
5. BHAKTI YOGA.
6. JNANA YOGA - wisdom and the study of scriptures.
7. RAJA YOGA - meditation and philosophy.
8. INTEGRAL YOGA.
9. PATANJALI YOGA - using textbooks.

I renounce any **bodily positions** or **breathing techniques** (ASANAS and PRANAYAMA) of Yoga to awaken the ``Vital Energy" (demonic powers) and now sever my family and myself from all of these things in the Name of Jesus.

I renounce the following **roots of Hinduism** and ask You to let them shrivel up and burn them with Your consuming fire.

1. Ascetism.
2. Meditation.
3. Physical breathing techniques.
4. Astral projection.

I renounce any form of sorcery, mind control, fire worship, black art (Lamas), trance states, zombi's, Alants, Maccumbas, Voodooism, Guru's and all of their rituals and teachings. In the Name of Jesus I sever any possible soul tie with any of these people and ask You to restore me to a right relationship with You. I ask forgiveness for my involvement in any of these things.

I also dissociate myself from the **objective of meditation**, that is:

Eliminating the bad Karma in the subconscious and cleansing the mind of all negative thoughts of guilt; cultivating a super consciousness making me a god in my own right, determining my own destiny.

I profess that only the Blood of Jesus cleanses me of sin
(1 John 1:7).

In the Name of Jesus I renounce any **Hindu rituals** and specifically the following:

The **Initiation ritual** - placing 6 flowers (representing life), 3 pieces of fruit (representing the seed of life) and a white handkerchief (representing purification of the spirit) on a table in front of a photograph of Shri Guru Dav, while another Guru is singing a song (Puja, Vedi) in praise of the **deceased masters**.

I also renounce the **secret mantra** that was given to me and ask You in the Name of Jesus to send Your consuming fire to burn this word from my memory.

I admit that Hindu meditation actually represents the following evil works:

- A. Self-hypnosis.
- B. Deification of the self.
- C. Exalting natural, earthly religion to the level of the Divine.
- D. That it is in fact a demonic deception, a heresy and a lie.

Finally, I also renounce the following **teachings of Hinduism**:

CHAKRAS

Chakras are named after the Sanskrit for wheel. They are frequently pictured as whirling lotus petals of various colours. Chakras are psychic energy centres based at the cardinal points of the body.

According to the traditional view of yoga we have seven charkas or energy centres situated throughout the body.

Various systems in yoga will give slightly different symbols, colours or even names to the charkas. The universal life force is said to enter through the crown chakra and is filtered down through the other chakras, each of which transforms the energy into the appropriate form for the function it governs.

Kundalini energy passes in the opposite direction from the root chakra upwards. Kundalini means snake or serpent power in Sanskrit. Kundalini is the basic energy that drives the chakras from within, and it is pictured as a coiled snake sleeping at the base of the spine. It travels up the body on a spiraling psychic pathway, activating the various energy centres and changing colour, eventually becoming clearer and paler 'till it emerges through the crown chakra as pure white light to mingle with the energies of the cosmos.

Opening these through visualization is an effective method of preparing for psychic work and can also be used to close down psychic channels. These chakras need to be fully "open" for us to astral project.

BASIC, SEED OR ROOT CHAKRA (MAMADHARA)

The chakra of the earth. The red chakra. Situated at the base of the spine. Governs our instincts and genetic coding. Focuses on physical existence and survival. The chakra of courage and physical strength. It's symbol is the yellow square.

SACRAL OR PELVIC CHAKRA (SVADHISTHANA)

The chakra of the moon. The orange chakra.

Situated near the genitals and reproductive system.

Governs our sex drive and energy. Focuses on all aspects of physical satisfaction, home of the five senses. The chakra of all forms of fertility needs and desire. It's symbol is a white crescent.

SOLAR PLEXUS CHAKRA (MANIPURAKA)

The chakra of the sun. The yellow chakra. Situated at the navel. Governs our sense of personal power. Focuses on assimilating experiences. Chakra of power, determination and focused will. It's symbol is a red triangle.

HEART CHAKRA (ANAHATA)

Chakra of the four winds. The green chakra. Situated over the heart. Governs our emotions. Focuses on emotions and sympathy. Chakra of love and relating to others. Its symbol is a blue hexagon.

THROAT CHAKRA (VISHUDDHA)

Chakra of time and space. The blue chakra. Situated close to the vocal cords in the centre of the neck. Governs our ability to communicate. Focuses on ideals, ideas and true communication. Chakra of truth and altruism. Its symbol is a white circle.

THIRD EYE OR BROW CHAKRA (SAVIKALPA SAMADHI or AJNA)

Chakra of freedom. The purple chakra. Situated between the eyebrows. Governs our intellect. Focuses on inspiration and psychic awareness. Chakra of connecting with other dimensions. Its symbol is the white triangle.

CROWN CHAKRA (NIRVAKELPA SAMADHI or SAHASRARA)

Chakra of eternity. The white chakra. Situated at the top of the head. Governs our spirituality. Focuses on spiritual awareness and unity with one's higher self. Chakra of wisdom and understanding. Its symbol is a white Lotus Flower. It is a two-way chakra, since it receives light from the cosmos.

CHAKRAS IN ASTRAL PROJECTION

Successful projections occur under ideal conditions. You will need to give attention to finding a suitably quiet room, eliminating any intrusive noises such as telephones, your physical comfort and clothing, the light and atmosphere in the time, the time of day and irritations in your body caused by your ego state.

After creating the ideal conditions, lie down on your back with your arms by your side in the yoga "corpse" position. Now do your relaxation exercises, staring at your feet and ending with the top of your head. Once you are relaxed, start your visualization exercises. With your eyes closed visualize the **shamanistic symbol** for the universal consciousness the circle with the cross inside it dividing the circle into four segments.

Now imagine that at every chakra you have a small pouch drawn shut with a drawstring. Starting with the Base/root chakra, imagine the pouch being opened. Visualize the drawstring being loosened and the pouch being pulled open allowing the chakra's symbol to emerge from the bag and sit above it. Carry on opening the chakra's - from the base/root chakra to the crown chakra, releasing the stream of energy that will carry your consciousness with it as it exits the crown chakra.

INFORMATION ON SEX MAGIC AND TANTRA

Right from the start it is important to remember that the occult always perverts or does the opposite of God's truth.

Sex was created by God to serve as

- a spiritual union between a man and a woman,
- a sacred act between two people of the opposite sex, unified in marriage.
- a way of expressing love
- a way of procreating

Sex magic is about

- expressing and liberating consciousness
- reaching altered states of consciousness
- spiritualising sexuality
- achieving “unity” with universal life energies, cosmic powers and the “divine”
- connecting to other dimensions
- using the mind to achieve “psychic” power through the power of orgasm
- releasing sexual energy and harnessing Kundalini
- primal and creative energy being taped into

Sex as the act God created and sex through tantra (sex magic) are poles apart. Sex magic has its base or roots in Tantra, much in the same way as numerology is based in Cabala.

When all is said and done, remember that all magic, sexual or otherwise, is witchcraft and witchcraft is an abomination. This power has to do with Eastern religions – meditation, yoga, karate, etc. It is a so-called “**white serpent**” that is **coiled up at the base of the spine** in the **base chakra**, and gets awakened when practising these above arts. When Christians have not renounced their involvement, they usually suffer **lower back problems** among many other things.

In the Eastern religions, the conscious creation and stimulation of sexual energy is known as **Tantra**. The idea of **Tantric sex** is to stimulate the **sexual energy** held in the **base of the spine**, the **Kundalini energy** as it has become known. This was symbolized as **uncurling serpents** and in Tantra the participants control and delay **orgasm** to transform the kundalini from its original state (ching) into higher energy (ch'i) and finally its highest expression (shen). Stimulating the kundalini is described as ‘**lighting the inner fire**’. Tantra is designed to complete this process in a more controlled way. Once the Kundalini is awakened, you have a constant supply of enormously powerful energy with which to create whatever you choose. The **satanists** use **sex** as a fundamental part of their ritual so they can tap this sexual, kundalini force, for their horrendous purposes.

Sex magic comes in many forms and guises, hidden beneath **Hindu** and **New Age** mumbo-jumbo, and to understand sex magic you are going to have to understand its roots in Tantra.

In reality, there is a much darker truth beneath what the **Tantric Masters** are teaching. Yoga, meditation, concentrating on “emptiness, mantras and emptying the mind of thought all lead to altered states of consciousness.

An altered state of consciousness is similar to **self-hypnosis** or opening of the spirit to **cosmic forces**. It creates a gateway to the soul. It sets the practitioner up for soul control and demon possession.

You do not achieve **Nirvana** or paradise.

You do not unite with “god”.

You do not “evolve” into a higher karma or improve your reincarnation.

You do not reach a higher level of consciousness or evolvment.

You get possessed!!!!

You get trapped.

You get pulled into an occultic web.

You think you have tapped into cosmic powers.

You think you have enlightened your spirit.

You think you have united with the “divine”.

You are sadly mistaken and about to be horribly disillusioned.

You are not a sex magician, you are practicing witchcraft, an abomination unto the Lord.

You do not have sexual power, you are being controlled by powers.

You are being controlled and used by Satan to achieve his purposes.

Tantra would have us believe that sex magic is pure and holy.

There are various ways of using sex magic, and all of them are evil.

Sex magic is used by Satan to create

- soul control
- soul ties
- transference of spirits

Sex magic is about

- using sex as a weapon
- tapping into cosmic powers to achieve your own end
- bewitching your partner
- tapping strength from your partner
- enforcing dominance over your partners spirit
- subduing and controlling your partner to achieve ranking
- using “sacred orgasm” to generate power for magic
- entering someone else’s very soul

Examples mentioned previously:

- sleeping with a medium to access the demons she uses to “see” things
- using visualization and fantasy to “hex” someone
- controlling and manipulating your targets marriage
- overpowering an occultic rival in the ranking struggle
- finding a gateway into your targets sub-conscious mind
